

How do you even pronounce ‘Markownikoff?’

Pre-lesson assignment – see page 207-208

Define the following terms

- Primary
- Secondary
- Tertiary

Make notes on Markownikoff’s rule

1. State Markownikoff’s rule.
2. Draw a primary carbocation, a secondary carbocation and a tertiary carbocation.
3. Explain the difference in stability of the carbocations
4. Give an example of a reaction that produces a major and minor product following the rules of this ‘Markownikoff Addition.’
